We have adopted the Notice and Access delivery model in order to further our commitment to environmental sustainability and to reduce our printing and mailing costs.

Our board of directors (the "Board") currently consists of five directors and we propose to fix the number of directors at five for the ensuing year.

We have nominated the following individuals for election as directors for the ensuing year:

Each of the above five director nominees is well qualified to serve on our Board and has expressed his or her willingness to do so. Our directors are elected for a one-year term, which expires at the end of our 2024 annual general meeting, unless the person ceases to be a director before then.

We have nominated PricewaterhouseCoopers LLP ("PwC") for re-appointment as our independent auditor and serve until the end of our 2024 annual general meeting.

- 5. Transact such other business that is properly brought before the Meeting (see page 14).**

We'll also consider other matters that properly come before the Meeting. As of the date of this Circular, we are not aware of any other items of business to be considered at the Meeting, other than as set forth above.

Our transfer agent and registrar is Computershare Investor Services Inc. ("Computershare").

They will act as scrutineer of the Meeting and will be responsible for counting the votes on our behalf.

Quorum and approval

We need a quorum of shareholders to transact business at the Meeting. Under our articles, a quorum is two or more persons who are, or represent by proxy, shareholders holding, in the aggregate, at least 5% of the Common Shares entitled to be voted at the Meeting.

We require a simple majority (50% plus 1) of the votes cast at the Meeting to approve all items of business, unless otherwise stated.

Record date

We have fixed April 26, 2023 as the Record Date for determining the registered shareholders who will be entitled to notice of the Meeting, and any adjournment or postponement of the Meeting, and who will be entitled to vote at the Meeting.

Shares and outstanding principal holders

Our authorized capital consists of an unlimited number of Common Shares without par value, each carrying the right to one vote, and an unlimited number of Preferred Shares issuable in series. On a vote by show of hands, every person present at the Meeting who is a shareholder or proxyholder and entitled to vote on the matter has one vote and, on a poll, every shareholder entitled to vote on the matter has one vote in respect of each Common Share entitled to be voted on the matter and held by that shareholder and may exercise that vote either in person or by proxy.

We had a total of 807,658,020 Common Shares outstanding at the close of business on the Record Date. There are no Preferred Shares outstanding.

To the knowledge of our directors and executive officers, no persons or companies beneficially own, or control or direct, directly or indirectly, Common Shares carrying 10% or more of the voting rights attached to all outstanding Common Shares as of the Record Date.

Our Common Shares are listed on:

- the TSX under the symbol “FF”;
- the US OTC-QX market under the symbol “FFMGF”; and
- the Frankfurt Stock Exchange under the symbol “FMG”.

Interest of certain persons in matters to be acted upon

Other than as described elsewhere in this Circular, none of the following individuals has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of directors:

- each person who has been a director or executive officer of the Company at any time since January 1, 2022;
- the nominees for director; or

- any associate or affiliate of any of the above.

Interest of informed persons in material transactions

We are not aware of any informed person (as defined in National Instrument 51-102 *Continuous Disclosure Obligations*) of the Company, or any proposed director, or any associate or affiliate of the foregoing, who has a direct or indirect material interest in any transaction we entered into since January 1, 2022 or any proposed transaction, which has materially affected or would materially affect the Company or its subsidiaries.

Voting

Who can vote?

You are entitled to receive notice of and vote at the Meeting if you held Common Shares as of the close of business on April 26, 2023, the Record Date for the Meeting.

How to vote?

You can vote by proxy or you can attend the Meeting and vote your Common Shares in person.

Voting by proxy is the easiest way to vote because you're appointing someone else (called your proxyholder) to attend the Meeting and vote your Common Shares for you.

There are different ways to submit your voting instructions, depending on whether you are a registered or non-registered shareholder.

Registered Shareholders

You are a registered shareholder if you hold Common Shares registered in your name and evidenced by either a share certificate or direct registration statement.

Voting by proxy

Keith Neumeyer, Chairman of the Board, or failing him, Daniel W. Wilton, Chief Executive Officer, have agreed to act as the First Mining proxyholders.

You can appoint someone other than First Mining's proxyholders to represent you at the Meeting and vote on your behalf. If you want to appoint someone else, print the name of the person you wish to appoint as your proxyholder in the space provided on the enclosed proxy form. This person need not be a shareholder.

Your proxyholder must vote your Common Shares or withhold your vote, as applicable, according to your instructions on any ballot that may be called for and, if you specify a choice on any matter to be acted upon, your Common Shares will be voted accordingly. If there are other items of business that

The voting process is different depending on whether you are a registered shareholder or a non-registered shareholder.

You're a registered shareholder if your name appears on your share certificate or direct registration statement.

You're a non-registered shareholder if your bank, trust company, securities broker, trustee or other financial institution holds your Common Shares (your *nominee*).

This means the Common Shares are registered in your nominee's name, and you are the *beneficial* shareholder.

properly come before the Meeting, or amendments or variations to the items of business, your proxyholder has the discretion to vote as he or she sees fit.

If you appoint the First Mining proxyholders but do not tell them how to vote your Common Shares, your Common Shares will be voted as follows:

- **FOR** fixing the number of directors at five;
- **FOR** electing the five nominated directors listed on the proxy form and in this Circular; and
- **FOR** re-appointing PwC as the independent auditor and **FOR** authorizing the Board to set the auditor's pay.

This is consistent with the voting recommendations by management and the Board. **If there are other items of business that properly come before the Meeting, or amendments or variations to the items of business, the First Mining proxyholders will vote according to management's recommendation.**

If you appoint someone other than the First Mining proxyholders to be your proxyholder, that person must attend and vote at the Meeting for your vote to be counted.

A proxy will not be valid unless it is signed by the registered shareholder, or by the registered shareholders' attorney with proof that they are authorized to sign. If you represent a registered shareholder who is a corporation or association, your proxy should have the seal of the corporation or association, and must be executed by an officer or an attorney who has written authorization. If you execute a proxy as an attorney for an individual registered shareholder, or as an officer or attorney of a registered shareholder who is a corporation or association, you must include the original or a notarized copy of the written authorization for the officer or attorney, with your proxy form.

If you are voting by proxy, you may vote:

- on the internet
- by telephone;
- by fax; or
- by mail.

Computershare must receive your proxy by 10:00 a.m. (Pacific Time) on Monday, June 12, 2023 or at least 48 hours (excluding Saturdays, Sundays and statutory holidays in the province of British Columbia) prior to the time set for any adjournment or postponement of the Meeting. The Chairman of the Meeting has the discretion to accept late proxy forms without notice.

Voting your proxy using the internet

This is the most efficient and convenient way to vote your Common Shares.

Go to www.investorvote.com and follow the instructions on the screen. You will need to input your 15-digit control number, which appears on the first page of your proxy form.

Voting your proxy by telephone

You may vote your Common Shares using the telephone by dialling the following toll-free number from a touch tone telephone: 1.866.732.8683. If you vote using the telephone, you will need your 15-digit control number, which appears on the first page of your proxy form.

Voting your proxy by fax or mail

Complete your proxy form, including the section on declaration of residency, sign and date it, and send it to Computershare by fax to 1.866.249.7775 (within North America) or 1.416.263.9524 (outside North America) or mail it to:

Computershare Investor Services Inc.
Attention: Proxy Department
100 University Avenue, 8th Floor
Toronto, ON M5J 2Y1

Attending the Meeting and voting in person

If you will be attending the Meeting in person, do not complete the enclosed proxy form. Instead, simply register with a representative from Computershare when you arrive at the Meeting.

Non-Registered Shareholders

Only registered shareholders of First Mining, or the persons they appoint as their proxyholders, are permitted to vote at the Meeting. Most shareholders of First Mining are non-registered shareholders because the Common Shares they own are not registered in their names and appear on an account statement provided by their bank, broker or financial advisor. Common Shares beneficially owned by a non-registered shareholder are registered either:

- in the name of an intermediary (“**Intermediary**”) that the non-registered shareholder deals with in respect of the non-registered shareholder’s Common Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or
- in the name of a clearing agency (such as CDS Clearing and Depository Services Inc. or The Depository Trust & Clearing Corporation) of which the Intermediary is a participant.

Non-registered shareholders fall into two categories: those who object to their identity being known to the Company (“**OBOs**”) and those who do not object to their identity being made known to the Company (“**NOBOs**”). The Company will assume the costs of delivery of proxy-related materials for the Meeting to OBOs. The Company is not sending proxy-related materials directly to NOBOs.

In accordance with applicable securities law requirements, First Mining has distributed copies of the Notice and Access notification, the Meeting Materials and the form of proxy (which includes a place to request copies of this Circular and annual and/or interim financial statements and MD&A or to waive the receipt of such documents) to the Intermediaries and clearing agencies for distribution to non-registered shareholders.

Intermediaries are required to forward the Notice and Access notification to non-registered shareholders unless a non-registered shareholder has requested paper copies (in which case the Intermediary will forward the Meeting Materials to the non-registered shareholder). Intermediaries often use service companies to forward the Notice and Access notification and Meeting Materials to non-registered shareholders.

Voting using the voting instruction form or proxy form

Generally, non-registered shareholders who have not waived the right to receive the Meeting Materials will either:

- be given a voting instruction form which is not signed by the Intermediary and which, when properly completed and signed by the non-registered shareholder and returned to the Intermediary or its service company, will constitute your voting instructions (often called a “**voting instruction form**” or a “**VIF**”) which the Intermediary must follow. Typically, the voting instruction form will consist of a one or two-page pre-printed form; or
- be given a proxy form **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of Common Shares beneficially owned by the non-registered shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the non-registered shareholder when submitting the proxy.

In either case, the purpose of these procedures is to enable non-registered shareholders to direct the voting of the Common Shares of First Mining that they beneficially own.

If you are a non-registered shareholder, you should carefully follow the instructions of your Intermediary in order to submit the voting instructions for your Common Shares, including those regarding when and where the completed VIF or proxy form (as applicable) is to be delivered.

Your Intermediary may have also provided you with the option of voting by telephone or through the internet. Your Intermediary must receive your voting instructions in sufficient time for your Intermediary to act on them. We strongly encourage all non-registered shareholders to submit their voting instructions to their Intermediary online at www.proxyvote.com with plenty of time before the cut-off. Computershare must receive proxy vote instructions from your Intermediary by no later than 10:00 a.m. (Pacific Time) on Monday, June 12, 2023, or at least 48 hours (excluding Saturdays, Sundays and statutory holidays in the Province of British Columbia) prior to the time set for any adjournment or postponement of the Meeting.

Attending the Meeting and voting in person

If you wish to vote in person at the Meeting, insert your name in the space provided for the proxyholder appointment in the VIF or proxy form (as applicable), and return it as instructed by your Intermediary. Do not complete the voting section of the VIF or proxy form, since you will vote in person at the Meeting. Your Intermediary may have also provided you with the option of appointing yourself or someone else to attend and vote on your behalf at the Meeting through the internet. When you arrive at the Meeting, make sure you register with a representative from Computershare so your voting instructions can be taken at the Meeting.

Your Intermediary must receive your voting instructions in sufficient time for your Intermediary to act on them. Computershare must receive proxy vote instructions from your Intermediary by no later than 10:00 a.m. (Pacific Time) on Monday, June 12, 2023, or at least 48 hours (excluding Saturdays, Sundays and statutory holidays in the Province of British Columbia) prior to the time set for any adjournment or postponement of the Meeting.

How to change your vote?

The process for changing your vote after it has been submitted differs for registered and non-registered shareholders.

Registered Shareholders

You can revoke your proxy by sending a new completed proxy form with a later date, or a written notice of revocation signed by you, or by your attorney if he or she has your written authorization. You can also revoke your proxy in any manner permitted by law.

If you represent a registered shareholder who is a corporation or association, your written notice of revocation must have the seal of the corporation or association, and must be executed by an officer or an attorney who has their written authorization. The written authorization must accompany the written notice of revocation.

We must receive the written notice of revocation any time up to and including the last business day before the day of the Meeting, or the day the Meeting is reconvened if it was postponed or adjourned.

Send the signed written notice to:

First Mining Gold Corp.
Suite 2070 – 1188 West Georgia Street
Vancouver, British Columbia V6E 4A2
Attention: Samir Patel, General Counsel & Corporate Secretary

You can also give your written notice to the Chairman of the Meeting on the day of the Meeting. If the Meeting has already started, your new voting instructions can only be executed for items that have not yet been voted on.

If you've sent in your completed proxy form and since decided that you want to attend the Meeting and vote in person, you need to revoke the proxy form before you are able to vote at the Meeting.

Non-Registered Shareholders

You can revoke your prior voting instructions by providing new instructions on a VIF or proxy form with a later date, or at a later time in the case of voting by telephone or through the internet, provided that your new instructions are received by your Intermediary in sufficient time for your Intermediary to act on them before 10:00 a.m. (Pacific Time) on Monday, June 12, 2023, or at least 48 hours (excluding Saturdays, Sundays and statutory holidays in the Province of British Columbia) prior to the time set for any adjournment or postponement of the Meeting.

Who processes the votes?

Our transfer agent, Computershare, or its authorized agents count and tabulate the votes on our behalf.

Particulars of the Matters to be Acted Upon

1. Receipt of audited consolidated financial statements

Our audited consolidated annual financial statements for the financial year ended December 31, 2022, and the auditor's report thereon will be presented to the Meeting. A copy is available on our website at www.firstmininggold.com/investors/reports-filings/financials and under our SEDAR profile at www.sedar.com.

The audited consolidated annual financial statements, auditor's report thereon and management's discussion and analysis ("MD&A") for the financial year ended December 31, 2022 have been mailed to registered shareholders who have indicated to us that they wish to receive these documents.

2. Fix the number of directors to be elected at the Meeting at five

Our Board presently consists of five directors and we propose to fix the number of directors at five for the ensuing year. If there are more nominees for election than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected until all such vacancies have been filled.

In the absence of instructions to the contrary, the First Mining proxyholders will vote the Common Shares represented by each form of proxy, properly executed, FOR fixing the number of directors at five for the ensuing year.

3. Election of directors for the ensuing year

We have nominated the five current directors of the Company as the five individuals to stand for re-election as directors, based on their mix of skills and experience that we believe are necessary to effectively fulfill the Board's duties and responsibilities.

Each of our directors is elected annually and holds office until the end of the next annual general meeting of shareholders, unless that person ceases to be a director before then. Each of the nominated directors has confirmed his willingness to serve on the Board for the next year.

In the absence of instructions to the contrary, the First Mining proxyholders will vote the Common Shares represented by each form of proxy, properly executed, FOR each of the five nominees for director listed in this Circular.

About the Nominated Directors

The following three pages provide information on the five director nominees as of the date of this Circular, including:

- their province or state and country of residence;

No proposed director is being elected under any arrangement or understanding between the proposed director and any other person or company.

Corporate Cease Trade Orders or Bankruptcies, Penalties or Sanctions

No proposed director:

- is, as of the date of this Circular, or has been within 10 years before the date of this Circular, a director, chief executive officer or chief financial officer of any company (including ours) that: (a) was subject to a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days (an “order”) that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer; or (b) was subject to an order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer;
- is, as of the date of this Circular, or has been within 10 years before the date of this Circular, a director or executive officer of any company (including ours) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or

- has within 10 years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

None of the proposed directors:

- has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority;
- has been subject to any penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director; or
- has entered into a settlement agreement with any securities regulatory authority.

Skills and Experience

We believe it is important for directors to have experience in senior management, governance, compensation, finance, environment, health and safety, and to participate with public company boards as an advisor, director or member of management to effectively fulfill their duties and responsibilities as a member of our Board.

Our Board reviews the slate of nominated directors every year to determine whether it still reflects the mix of skills, background and experience it believes is necessary for fulfilling its duties and responsibilities in overseeing First Mining's strategic direction, management and affairs.

We believe that the directors who have been nominated for election at the Meeting are well qualified to represent the interests of shareholders and appropriately address our business needs, and **we recommend that our shareholders vote FOR the five director nominees set out herein.**

Advance Notice Provisions

Pursuant to Article 14.2 of First Mining's Articles, any additional director nominations for an annual general meeting must be received by the Company, not less than 30 nor more than 65 days prior to the date of the meeting. Unless nominations are received in accordance with our Articles by May 15, 2023, being the date which is 30 days prior to the Meeting, management's nominees for election as directors set forth above shall be the only nominees eligible to stand for election at the Meeting.

Majority Voting Policy

Our Board has adopted a majority voting policy. Unless there is a contested election, a director who receives more withhold votes than votes "for", will immediately submit his or her resignation to the Board. The corporate governance and nominating committee of the Board (the "**Corporate Governance & Nominating Committee**") will review the matter and recommend to the Board whether to accept the resignation. The resignation will be effective once it has been accepted by the Board. The director will not participate in any deliberations on the matter. We expect to accept the resignation unless there is some special circumstance that warrants the director stay on the Board. In any case, the Board shall determine whether or not to accept the resignation within 90 days of the relevant annual shareholders'

meeting and the Company will promptly issue a news release communicating the Board's decision. If the Board determines not to accept a resignation, the news release will fully state the reasons for that decision.

4. Appointment of auditor

At the Meeting, shareholders will be asked to appoint First Mining's auditor for the ensuing year. Our current auditor, PwC, will be nominated at the Meeting for re-appointment as the Company's auditor at such remuneration to be fixed by the Board.

In the absence of instructions to the contrary, the First Mining proxyholders will vote the Common Shares represented by each form of proxy, properly executed, FOR re-appointing PwC as our independent auditor for the ensuing year, and FOR authorizing the directors to fix the auditor's pay.

5. Other business

As of the date of this Circular, we are not aware of any other items of business to be considered at the Meeting other than as set forth above. If other items of business are properly brought before the Meeting, the First Mining proxyholders intend to vote on such items in accordance with management's recommendation.

Corporate Governance

National Policy 58-201 *Corporate Governance Guidelines* establishes corporate governance guidelines that apply to all public companies (the "**Guidelines**"), and has been used by First Mining in adopting its corporate governance practices. National Instrument 58-101 *Disclosure of Governance Practices* requires us to disclose in this Circular certain information regarding our corporate governance guidelines.

Our Board and management consider good corporate governance to be an integral part of the effective and efficient operation of Canadian corporations. Our approach to corporate governance is set out below.

Our Board

Management is nominating five individuals to the Board, all of whom are current directors of the Company.

The Guidelines suggest that the board of directors of every public company should be constituted with a majority of individuals who qualify as "independent" directors under National Instrument 52-110 *Audit Committees* ("**NI 52-110**"), which provides that a director is independent if he or she has no direct or indirect "material relationship" with the Company. The "material relationship" is defined as a relationship which could, in the view of the Company's Board, reasonably interfere with the exercise of a director's independent judgement.

All current members of the Board, including the Chairman of our Board, are considered "independent" within the meaning of NI 52-110, except for Daniel W. Wilton, who is the Chief Executive Officer ("**CEO**") of First Mining.

Our Board has a stewardship responsibility to supervise the management of and oversee the conduct of the business of the Company, provide leadership and direction to management, evaluate management, set policies appropriate for First Mining's business and approve corporate strategies and goals. The day-to-day management of the business and affairs of First Mining is delegated by the Board to the CEO. The Board will give direction and guidance through the CEO to management and will keep management informed of its evaluation of First Mining's senior officers in achieving and complying with goals and policies established by the Board.

Our Board recommends nominees to the shareholders for election as directors, and immediately following each annual general meeting appoints an Audit Committee, a Compensation Committee, a Corporate Governance & Nominating Committee and a chairperson for each committee. The Board establishes and periodically reviews and updates the committee mandates, duties and responsibilities of each committee, elects a chairperson of the Board and establishes his or her duties and responsibilities, appoints the CEO of First Mining and establishes his or her duties and responsibilities, and on the recommendation of the CEO, appoints First Mining's senior officers and approves the senior management structure of the Company.

The mandate of our Board is to manage or supervise management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of First Mining's business and affairs directly and through its committees. A copy of the Board mandate is set out at Appendix "A".

The Chairman of the Board plays a critical role in managing and supervising the business and affairs of First Mining, and in overseeing management. The Chairman is responsible for ensuring that the Board focuses on our strategic performance, ensuring the Board represents and protects the Company's long term best interests, helping set the tone and culture of the Company, managing relationships, and ensuring the Board adopts and complies with procedures enabling it to effectively and efficiently conduct its work independently from management.

Our Board exercises its independent supervision over management by its policies whereby: (a) periodic meetings of the Board are held to obtain an update on significant corporate activities and plans; and (b) all material transactions of the Company are subject to prior approval of the Board. Our Board meets at least four times each year, and endeavours to hold at least one meeting in each fiscal quarter. In addition, the independent members of the Board meet regularly each year, at which meetings the non-independent directors and members of management are not in attendance. The Board will also meet at any other time at the call of the CEO, or subject to our Articles, of any director. In addition, in order to facilitate open and candid discussion among the independent directors of the Board, at the end of each Board meeting, the Chairman asks if any director would like to hold an *in camera* session of independent directors only, and if an *in camera* session of independent directors is requested as a result, all non-independent directors and members of management leave the meeting prior to the commencement of the *in camera* session unless any such persons are requested by the Board to remain for the *in camera* session. Since January 1, 2022, *in camera* sessions of independent directors have been held after two Board meetings, with the CEO requested by the Board to attend each of these *in camera* sessions.

Orientation and continuing education

Prospective new board members are provided a reasonably detailed level of background information, verbal and documentary, on First Mining's affairs and plans prior to obtaining their consent to act as a director.

Our Board provides training courses to the directors as needed, to ensure that the Board is complying with current legislative and business requirements.

Position Descriptions

A written position description has been developed by the Company for the Chairman of the Board, a copy of which is available on our website at www.firstmininggold.com/corporate/corporate-governance/governance-documents.

Other than with respect to the foregoing, the Board does not feel that it is necessary at this time to formalize position descriptions for the Chair of each committee of the Board or the Chief Executive Officer in order to delineate their respective responsibilities. Accordingly, the roles of the Chair of each committee of the Board and the role of the Chief Executive Officer of the Company are delineated on the basis of customary practice. The Board delineates the role and responsibilities of the Chief Executive Officer through its direct and ongoing oversight and assessment of management's development and execution of corporate strategy. The primary responsibilities of the Chief Executive Officer are to lead the general direction, development and management of the business and affairs of the Company in accordance with the corporate strategy and objectives approved by the Board, including to develop and recommend to the Board a strategic direction for the Company, and when approved, implement this direction.

Ethical business conduct

Our Board encourages and promotes a culture of ethical business conduct through communication and supervision as part of their overall stewardship responsibility. In addition, our Board has adopted a Code of Business Conduct and Ethics (the "Code") to be followed by First Mining's directors, officers, employees and principal consultants and those of its subsidiaries. The Code is also to be followed, where appropriate, by the Company's agents and representatives, including consultants where specifically required. The purpose of the Code is to, among other things, promote honest and ethical conduct, avoid conflict of interest, protect confidential information and comply with the applicable government laws and securities rules and regulations. It is the responsibility of all directors, officers and employees to report violations, or suspected violations, of the Code to the Company's General Counsel & Corporate Secretary, who is required to report regularly to the Board on the results and resolution of complaints concerning violations of the Code.

A copy of the Code is available on our website at www.firstmininggold.com/corporate/corporate-governance/governance-documents.

Director term limits and Board renewal

We have not adopted term limits for directors on our Board or other formal mechanisms of Board renewal. The Company and the Board have considered term limits and believe that:

- longer tenure does not impair a director's ability to act independently of management;
- imposing term limits could result in the loss of contributions of longer serving directors who have developed significant depth of knowledge and understanding of the Company;
- regular evaluation of Board skills and experience, as set out in our Board Mandate, rather than

arbitrary term limits, will result in better Board performance; and

- experience of Board members is a valuable asset to shareholders because of the complex issues that the Board faces.

Our Board currently assesses each director in order to ensure that the Board is balanced between highly experienced directors with long-term knowledge and those with a fresh perspective.

Diversity

In May 2019 our Board adopted a policy to reflect its commitment to diversity and inclusion in all levels in the workplace and on the Board (the “**Diversity Policy**”). The Diversity Policy sets out the guidelines by which First Mining and our Board will endeavour to achieve diversity throughout the Company. To this end, our Board is dedicated to cultivating an environment where individual differences are respected, the ability to contribute and access employment opportunities is based on performance, skill and merit, and appropriate attitudes, behaviours and stereotypes are confronted and eliminated. While First Mining does not support the adoption of quotas, management and the Board will consider diversity as an element of the overall selection criteria of candidates and our Board will proactively monitor the Company’s performance in meeting the standards outlined in the Diversity Policy. In addition, we will attempt to interview at least one female and/or minority candidate for each vacancy on the Board.

Our Diversity Policy requires that, each year, First Mining report on the proportion of female and minority personnel in senior executive positions and on our Board in the Company’s management information circular. As of the date of this Circular, one of our five directors (1/5), Leanne Hall, is female and none have self-identified as being part of a minority. In addition, two (2) members of First Mining’s management team (2/9), namely Lisa Peterson, the Company’s Chief Financial Officer (“**CFO**”) and Hazel Mullin, the Company’s Director, Data Management and Technical Services, are female. Three members of our management team (3 /9) have self-identified as being part of a minority, namely Lisa Peterson, the Company’s CFO, Samir Patel, the Company’s General Counsel and Corporate Secretary and James Maxwell, the Company’s Vice President, Exploration.

Equity Ownership Policy

We have adopted an Equity Ownership Policy in order to align the interests of our officers and directors with those of our shareholders by requiring such persons to own a significant number of Common Shares. Each of the non-executive directors is required to hold Common Shares having a value of at least three times the value of the annual base retainer. The CEO is required to hold Common Shares having a value of at least three times his or her annual base salary, while the Chief Operating Officer (“**COO**”), CFO and General Counsel & Corporate Secretary are required to hold Common Shares having a value of at least one times his or her annual base salary. The ownership guidelines will be deemed to be satisfied following the date on which the price paid by the director or officer for Common Shares or the fair market value of the Common Shares equals or exceeds the ownership threshold. For the purpose of calculating the value of the Common Shares held, RSUs, whether vested or not vested are included; however, unexercised stock options (whether vested or not vested) and Common Shares issuable upon the exercise of share purchase warrants or any other convertible securities of First Mining are not counted toward the share ownership guidelines set out in the Equity Ownership Policy. Individuals are required to comply with the share ownership guidelines by the fifth anniversary of the date of the individual’s date of hire or appointment. If a participant fails to comply with the policy, a retention ratio requirement would apply to the participant

on future vesting of stock options or RSUs. The full text of the *Equity Ownership Policy* is available on the Company's website at:

www.firstmininggold.com/corporate/corporate-governance/governance-documents.

Nomination of directors

The Corporate Governance & Nominating Committee, comprised of independent directors, has primary responsibility for the nomination of new directors. New candidates are identified to the Board for nomination by an informal process of discussion and consensus – building on the need for additional directors, the specific attributes being sought, likely prospects, and timing. Prospective directors are not formally approached until consensus among the Board is reached. This process takes place among the Chairman and a majority of the non-executive directors.

Compensation Committee

The Compensation Committee is a committee comprised of at least three directors whose primary purpose is to enable First Mining to recruit, retain and motivate employees and ensure conformity between compensation and other corporate objectives and review and recommend for Board consideration, all compensation packages, both present and future, for the Company's management and directors (including annual retainer, meeting fees, bonuses and option grants) including any severance packages. A majority of the members shall not be officers or employees of First Mining and shall be unrelated, independent directors.

Members of the Compensation Committee shall be appointed or reappointed at the Board meeting which follows the Company's annual general meeting and from among the appointees to the Compensation Committee, the Board shall appoint a chairperson of the committee (the "**Compensation Committee Chairperson**"). The duties of the Compensation Committee Chairperson include overseeing the proper functioning of the Compensation Committee to ensure the proper discharge of its duties, to schedule meetings and to ensure timely reporting to the Board.

The Compensation Committee meets as often as may be necessary or appropriate in its judgment.

In exercising its mandate, the Compensation Committee sets the standards for the compensation of directors, employees and officers based on industry data and with the goal to attract, retain and motivate key persons to ensure the long-term success of First Mining. Compensation generally includes the three following components: (i) base salary; (ii) annual bonus based on performance; and (iii) grant of equity incentives. The Compensation Committee takes into account the fact that the Company's operations are located in North America and that the Company is therefore subject to increased competition in the market for its key personnel while also taking into account the performance and objectives set forth for the Company.

The Compensation Committee is accountable to the Board and reports to the Board at its next regular meeting all deliberations and actions it has taken since any previous report. Minutes of Compensation Committee meetings will be available for review by any member of the Board on request to the Compensation Committee Chairperson.

The current members of the Compensation Committee are Keith Neumeyer (current Compensation Committee Chairperson), Leanne Hall and Richard Lock, all of whom are independent.

Corporate Governance & Nominating Committee

The purpose of the Corporate Governance & Nominating Committee is to monitor and to generally be responsible for developing the Company's governance policies and guidelines and overseeing their implementation and administration. The Corporate Governance & Nominating Committee is also responsible for reviewing the performance of individual directors, and of the Board as a whole.

Annually, following the annual general meeting of the Company, the Board elects from its members not less than three directors to serve on the Corporate Governance & Nominating Committee. Each member holds office until the close of the next annual general meeting of the Company or until the member resigns or is replaced, whichever first occurs. The Board appoints one of the directors on the Corporate Governance & Nominating Committee as the chairperson (the "**Corporate Governance & Nominating Committee Chairperson**"), whose duties include overseeing the proper functioning of the Corporate Governance & Nominating Committee to ensure the proper discharge of its duties, to schedule meetings and to ensure timely reporting to the Board.

The Corporate Governance & Nominating Committee meets as often as may be necessary or appropriate in its judgment.

The members of the Corporate Governance & Nominating Committee are Richard Lock (current Corporate Governance & Nominating Committee Chairperson), Raymond Polman and Keith Neumeyer, all of whom are independent.

Assessments

Our Board annually reviews its own performance and effectiveness as well as the effectiveness and performance of its committees. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of individual directors are informally monitored by other Board members, bearing in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

Our Board monitors the adequacy of information given to directors, communication between Board and management and the strategic direction and processes of the Board and its committees.

Our Board believes its corporate governance practices are appropriate and effective for the Company, given its size and operations. First Mining's corporate governance practices allow the Company to operate efficiently, with checks and balances that control and monitor management and corporate functions without excessive administrative burden.

Audit Committee

As required by NI 52-110, information about our Audit Committee is provided in the our most recent annual information form dated March 29, 2023, which is available under our SEDAR profile at www.sedar.com and on our website at www.firstmininggold.com/investors/reports-filings/annual-information-form.

Statement of Executive Compensation

Named executive officers

During our most recently completed financial year, we had six Named Executive Officers (“NEOs”) being Daniel W. Wilton, our CEO, Jeffery Reinson, our COO, Lisa Peterson, our CFO, Andrew Marshall, our former CFO, Samir Patel, our General Counsel & Corporate Secretary, and Stephen Lines, our Vice President, Environment & Community Relations.

“Named Executive Officer” or “NEO” means: (a) our CEO; (b) our CFO; (c) each of the three most highly compensated executive officers of the Company; including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of our most recently completed financial year whose total compensation was, individually, more than \$150,000; and (d) each individual who would be an NEO under (c) above but for the fact that the individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of our most recently completed financial year.

Unless stated otherwise, all of the information in this section “Statement of Executive Compensation” is as of December 31, 2022, being the last day of First Mining’s most recently completed financial year.

Compensation discussion and analysis

Our executive compensation program is designed to provide competitive levels of compensation, a significant portion of which is dependent upon individual and corporate performance and contribution to increasing shareholder value. The Board recognizes the need to provide a total compensation package that will attract and retain qualified and experienced executives as well as align the compensation level of each executive to that executive’s level of responsibility. In general, an NEO’s compensation is comprised of salary and/or contractor payments, performance-based bonuses (paid in cash and/or shares) and grants of awards under our Amended and Restated Share-Based Compensation Plan. The objectives and reasons for this system of compensation are generally to allow First Mining to remain competitive compared to its peers in attracting and retaining experienced personnel. All salaries and/or consulting fees are to be set on a basis of a review and comparison of compensation paid to executives at similar companies.

Our Board considers risk management when implementing First Mining’s compensation program, and the Board and the Compensation Committee do not believe that our compensation program results in unnecessary or inappropriate risk-taking including risks that are likely to have a material adverse effect on First Mining.

Each of our current five NEOs are eligible to receive annual bonuses based in part on corporate objectives. The table below lists the key performance indicators (“KPIs”) and the performance score for the year ended December 31, 2022:

Target (KPI)	Target (KPI) Weighting	Performance Score
Share price performance (versus Peer Group)	25%	80%
Progress on completion of a Springpole Feasibility Study and obtaining required environmental and regulatory approvals	25%	80%
Health, safety and environmental performance	15%	80%
Consultation and progress with Indigenous communities	15%	80%
Financial stewardship	10%	80%
Strategic transactions to support business growth	10%	80%

Independent Review of Compensation

The Compensation Committee and the Board undertake periodic reviews of First Mining’s compensation program, internally and externally, to assess how our program compares to industry peers, and to assess the effectiveness of the compensation program in attracting and retaining quality personnel. An independent review of compensation at First Mining was not carried out during the year ended December 31, 2022. However, in July 2020, First Mining retained Lane Caputo Compensation Inc. (“**Lane Caputo**”), an independent compensation consulting firm, to assist the Company in reviewing its compensation practices for non-executive directors, and executive officers, and to make recommendations to improve the Company’s approach to compensation.

Pursuant to this mandate, Lane Caputo reviewed executive and director compensation at the Company and, following the conclusion of its review, Lane Caputo delivered a report to First Mining with respect to executive and Board compensation at the Company (the “**Lane Caputo Report**”). The Lane Caputo Report established a peer group of 19 comparator companies (the “**Peer Group**”) reflecting the evolving business of the Company. Lane Caputo used various considerations in proposing the Peer Group, including companies of a similar size, stage of development and industry focus, with a similar market capitalization and operating in the same regional geography – all as compared to the First Mining as at the date of the report. Since the date of the Lane Caputo Report, certain companies in the Peer Group were acquired by other public companies. Accordingly, the current Peer Group which was considered by the Compensation Committee when reviewing executive compensation for 2022 was as follows:

Fury Gold Mines Limited
Goldshore Resources Inc.
Integra Resources Corp.
Kore Mining Ltd.
Liberty Gold Corp.

Marathon Gold Corp.
Moneta Gold Inc.
O3 Mining Inc.
Perpetua Resources Corp.
Probe Gold Inc.

Skeena Resources Limited
Treasury Metals Inc.
Troilus Gold Corp.
Vista Gold Corp.
Wallbridge Mining Company Limited

The Compensation Committee considered the advice, guidance and recommendations provided in the Lane Caputo Report as part of its deliberations on its recommendations to the Board with respect to

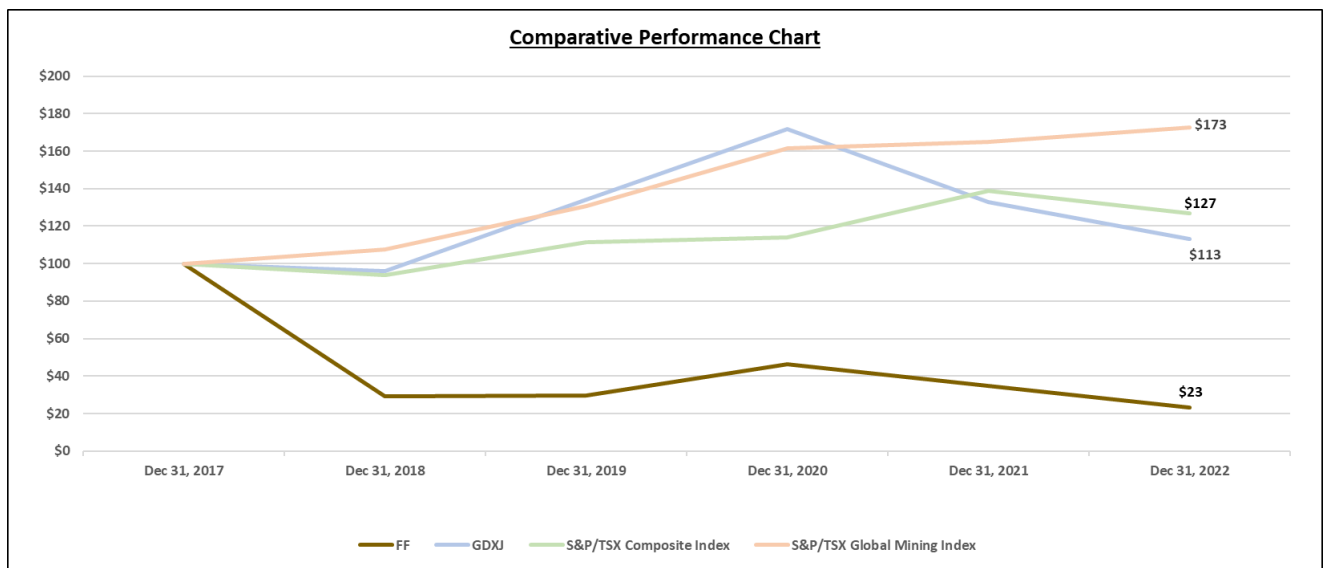

remuneration paid to First Mining’s executive officers (including base salary, cash bonuses and grants of Options and RSUs) and non-executive directors (including annual retainer fees, Options and DSUs) for the years ended December 31, 2021 and December 31, 2022.

In connection with the engagement of Lane Caputo, the Company paid executive compensation consulting related fees of \$24,000 during the year ended December 31, 2020 (no fees were paid to Lane Caputo during either of the years ended December 31, 2021 and December 31, 2022).

Between the financial year ended December 31, 2017 and the financial year ended December 31, 2018, there were no increases in salary for existing NEOs. There was a 21% increase in salary paid to two existing NEOs in 2019 to align more closely with a peer group of companies. There were no increases in salary for existing NEOs between December 31, 2019 and December 31, 2020. During the financial year ended December 31, 2021, certain NEO salaries were increased, with such increases ranging from 14.7% to 33.3% as a result of the recommendations in the Lane Caputo Report, to align the salaries of the NEOs more closely with the median NEO salaries in the Peer Group. There was also a salary increase for certain NEOs for the financial year ended December 31, 2022 ranging from 12.5% to 15.4%.

The share price valuation of gold explorers, developers and producers fluctuates with changes in the underlying commodity prices, ETF and index rebalances and other external factors. Executive compensation was not intended to directly reflect share price performance driven by such externalities. Alignment with our shareholders is nonetheless achieved by awarding a significant portion of compensation in the form of long-term equity-based incentives.

Share-based and option-based awards

Our Board is responsible for granting options and share-based awards to the NEOs. These grants are designed to reward our NEOs for success on a similar basis as our shareholders. When new awards are granted, the Board takes into account the previous grants, the number of awards currently held, position, overall individual performance, anticipated contribution to First Mining's future success and the individual's ability to influence corporate and business performance. The purpose of granting these awards is to assist the Company in compensating, attracting, retaining and motivating our officers, directors and employees and to closely align the personal interest of such persons to the interests of our shareholders.

Under our Amended and Restated Share-Based Compensation Plan, the Board has discretion to set the exercise price of stock options, provided that the exercise price may not be lower than the market price of the Common Shares as of the date of the grant of the stock option.

Risk assessment and oversight

As is commensurate with companies of a similar size and at a similar stage of development, during our financial year ended December 31, 2022, our Board did not actively consider the implications of the risks associated with First Mining's compensation policies and practices.

Prohibitions on hedging and speculation

Pursuant to our Securities Trading Policy, our NEOs and directors are not permitted to take any speculative or derivative positions or purchase financial instruments, including without limitation, prepaid variable forward contracts, instruments for the short sale or purchase or sale of call or put options, equity swaps, spread bets, contracts for difference, collars or units of exchange funds or other derivative securities that are designed to or that may reasonably be expected to have the effect of hedging or offsetting a decrease in the market value of any of First Mining's securities. A copy of our Securities Trading Policy is available on our website at www.firstmininggold.com.

Compensation governance

The Compensation Committee consists of three members: Keith Neumeyer (current Compensation Committee Chairperson), Richard Lock and Leanne Hall, all of whom are considered independent. The Compensation Committee, on behalf of the Board, monitors the compensation of our executive officers.

The following summary describes the mandate and responsibilities of our Compensation Committee as it relates to NEO compensation:

- to review and approve corporate goals and objectives relevant to NEO compensation, including the evaluation and performance of the CEO in light of those corporate goals and objectives, and to make recommendations to the Board with respect to NEO compensation levels (including the award of any cash bonuses or share ownership opportunities);
- to consider the implementation of short and long-term incentive plans, including equity-based plans, proposed by management, to make recommendations to the Board with respect to these plans and to annually review such plans after their implementation; and
- to annually review any other benefit plans proposed by management and to make recommendations to the Board with respect to their implementation.

All members of the Compensation Committee have direct experience which is relevant to their responsibilities as a member of the Compensation Committee. All members are or have held senior executive roles within public companies, and therefore have a good understanding of compensation programs. They also have good financial understanding which allows them to assess the costs versus benefits of compensation plans. The members' combined experience in the resource sector provides them with the understanding of First Mining's success factors and risks, which is very important when determining metrics for measuring success.

The following table contains a summary of the compensation paid or accrued to our NEOs during First Mining's three most recently completed financial years:

Stock Options

Calculating the value of stock options using the Black-Scholes option pricing model is very different from a simple "in-the-money" value calculation. In fact, stock options that are well out-of-the-money can still have a significant "grant date fair value" based on a Black-Scholes option pricing model, especially where, as in the case of the Company, the price of the share underlying the option is highly volatile. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation.

On January 26, 2022, following a recommendation from the Compensation Committee, our Board adopted a revised director compensation plan for its non-executive directors (the “**2022 Director Compensation Plan**”), replacing the previous director compensation plan that had been in effect since July 1, 2019.

Under the 2022 Director Compensation Plan, during the most recently completed financial year:

- The Chairman of the Board receives an additional \$10,500 for serving as Chairman of the Board;
- The Chair of each Board committee receives an additional \$5,250 for serving as a Chair of a Board committee;
- Each non-executive director receives a meeting fee of \$1,000 for each Board meeting and Board committee meeting attended by the director; and
- Each non-executive director receives an additional \$2,000 per year as reimbursement of out-of-pocket expenses incurred by the director, with receipts with respect to such expenses to be provided upon request by the Company.

All fees under the 2022 Director Compensation Plan are paid out semi-annually, on January 1st and July 1st of each year.

No director fees were paid in 2022 to Mr. Daniel W. Wilton, the Company’s CEO, for serving on the Board.

The following table sets forth the details of compensation provided to our directors, other than the NEOs, during our most recently completed financial year. The value disclosed under option-based awards for directors represents the deemed dollar value of the options granted. Except as may be noted below, no other compensation was paid to directors in their capacity as directors of First Mining or any of its subsidiaries, in their capacity as members of a committee of the Board or of a committee of the board of directors of its subsidiaries, or as consultants or experts, during our most recently completed financial year.

Incentive Plan Awards – Value Vested or Earned During the Year

The following table sets forth details of the value vested or earned for all incentive plan awards during our most recently completed financial year by each director that was not also a former NEO:

Name	Option-based awards - Value vested during the year (1) (\$)	Share-based awards - Value vested during the year (2) (\$)	Non-equity incentive plan compensation - Value earned during the year (\$)

Richard Lock <i>Director</i>	Nil	Nil	Nil
Leanne Hall <i>Director</i>	Nil	\$5,100	Nil

Notes:

- (1) This amount is based on the aggregate dollar value that would have been realized if the options under the option-based award had been exercised on the vesting date. Amounts were computed using the dollar value that would have been realized by determining the difference between the market price of the underlying securities at exercise and the exercise or base price of the options under the option-based award on the vesting date.
- (2) This amount is based on the aggregate dollar value realized. It was computed using the dollar value realized by multiplying the share price on the exercise date by the vested number of share-based awards.
